

NATIONAL PROGRESS REPORT ON IMPLEMENTATION OF DHIS2-HMIS JANUARY - MARCH 2014 NATIONAL FEEDBACK

SIMPLE ANALYSIS OF COUNCILS DHIS2 – HMIS REPORTING LEVELS

On behalf of the MOHSW and the National DHIS2-HMIS team which work day and night to oversee the DHIS system. I take this opportunity to thank you all for your hard working to fulfil the promise you made in February 2014 during the HMIS annual review meeting. You promised that by end of the year 2014 all councils will attain the 80% national reporting target. As of January - March 2014 in total 111 councils already have performed above 80% reporting rate out of 164 councils which are implementing DHIS2-HMIS in the country. Only 53 councils are below national target. Out of 25 regions in the country 14 region were above national beverage while 11 regions were below average, this imply that less performing councils in the region has negative impact that pull down the whole regional and finally the whole nation.

At the time been we are finalizing printing of tools to be distributed soon. Min while we encourage HMIS Focal Person to ensure that no facility will stop collecting data due to out of stock of registers by doing the following

1. Visit facilities and perform inventory of tools, wherever there is excess tool pull the extra ones then redistribute to those facilities which are getting out of stock.
2. Make provisional through photocopy of tools by requesting CCHP or implementing partners in the council to support financially.
3. Districts with extra type of tools can liaise with Regional HMIS Focal Person (RHMIS-FP) for redistribution to other councils with deficit
4. We also encourage Councils for self-initiatives in order to ensure continuation of data collection.

Future Plan:

1. We are planning for supportive supervision soon (May through June) to visit each councils and work together to support your efforts.
2. At central we are working to integrate HIV/AIDS, Human Resource Information System for Health (HRIS), Tuberculosis (TB), Supervision follow up and other key reporting systems. Already the DHIS2-HMIS team has developed the draft template soon is going to finalized ready for data to be uploaded
3. We request councils to improve collection and reporting of tracer medicine and strengthen reporting of ICD – 10.

The MOHSW appreciate the wonderful results from 12 councils for performing 100% reporting levels throughout January – March 2014. This is a significant attainment “*congratulations to you*”. Please keep it up. On the other hand We are sincerely sorry for councils which performed poorly Nsimbo district Council was at 13.7%, Lushoto 17.3% Ulanga 22.75%, Bukoba and Bumbuli Councils were 26.6%, Kilombero Council 28.7%, Namtumbo Councils 35% and Nkasi Council 37.8%. This is unacceptable please do whatever possible to improve the situation.

Finally the MOHSW take this opportunity to ask Regional HMIS Focal Person (RHMIS – FP), Zonal M&E Officers and Central DHIS2-HMIS regional supporters to work with councils which performed below national average. Capacitate as much as possible so that we can meet our national target. I also encourage you to communicate this feedback with members of RHMTs, CHMTs and other implementing and supporting partners in your locality.
